Date.	Vessel.	Number of crew.	Number of passengers from this port.	Number of passengers in transit.	Pieces of baggage inspected.
May 29	Hiram	14	29	0	45
June 1	Olympia.....	41	0	2	0

Number of aliens sailing from this port during week, 9.

Yellow-fever cases and deaths—Sanitary measures—Fumigation of vessels.

JUNE 6, 1905.

I have to report another death from yellow fever, making 4 deaths in all since the first case was reported. The situation up to date is 8 cases and 4 deaths. Of the 4 cases on hand 3 are discharged and 1 is convalescent. The last death reported was that of a native girl. She was treated by the Government surgeon, who reported the case and death as of yellow fever. The cleaning and oiling are continued and 3 doctors are making a house-to-house inspection. All steamers coming to this port from Mobile and New Orleans are carrying marine medical inspectors. Steamers are being disinfected under my supervision, temperatures of all on board being taken before sailing, and as far as possible every precaution is taken.

INDIA.

Report from Calcutta—Inspection of vessel—Mortality from cholera and plague—Measures for rat extermination recommended for Bengal.

Acting Assistant Surgeon Eakins reports, May 18, as follows:

During the week ended May 13, 1905, bill of health was issued to the steamship *Gordon Castle*, bound for Boston and New York with a total crew of 41. The usual precautions were taken, holds fumigated, and rat guards placed on wharf lines.
